

David Harriman, PharmD

Las Vegas, Nevada · (626) 485-1259 · david@harrimanpharmd.com

Pharmacist Consultant and Expert Witness

Medication errors · Pediatric and neonatal pharmacotherapy · Pharmacy standard of care

Sterile compounding and IV workflow · Order verification systems

SUMMARY OF QUALIFICATIONS

- Eleven years of inpatient hospital pharmacy practice (2015 to 2026), beginning with a PGY1 residency year, including nine years at an 834-bed acute care hospital serving neonatal, pediatric, and adult populations.
- Seven years of dedicated pediatric clinical coverage: order verification and compounded-IV checks for NICU, PICU, pediatric cardiac ICU, general pediatrics, pediatric ER, and nursery patients, at 200 to 300 orders per shift.
- Two years of interdisciplinary bedside rounding in a 24-bed PICU and 14-bed pediatric cardiac ICU, including parenteral nutrition for infant cardiac patients.
- Four years of charge pharmacist duties: pharmacy workflow management, staffing coverage, sterile compounding operations, chemotherapy double-checks, and IV workflow verification.
- Nevada pharmacist license continuously active since 2016 with no disciplinary history.

LICENSURE AND CERTIFICATIONS

- **Pharmacist, Nevada:** License 19353, Nevada Board of Pharmacy. Active since 2016; expires 10/31/2027. No disciplinary actions.
- **Pharmacist, Florida:** License PS53735, 2015 to 2019 (lapsed by nonrenewal; no disciplinary history).
- **Board Certified Pharmacotherapy Specialist (BCPS)**, Board of Pharmacy Specialties, 2017 to 2024. Credential 3154831.
- **BLS, ALS, and PALS**, American Red Cross. Current; expire 5/22/2027.
- **USP <797>/<800> sterile and hazardous compounding:** hospital-based training and annually validated competencies, 2016 to 2026.

CLINICAL EXPERIENCE

Sunrise Hospital & Medical Center (HCA Healthcare), Las Vegas, NV · Clinical Pharmacist Aug 2016 – Jun 2026

Pediatric and Cardiac ICU (Aug 2024 – Jun 2026)

- Interdisciplinary clinical rounding for the 24-bed PICU and 14-bed cardiac ICU; order verification, pharmacokinetic consults, and clinical interventions for all PICU/CICU patients.
- Wrote 2 to 3 parenteral nutrition orders per shift, largely for cardiac patients under one year old, including complex disease states (DiGeorge syndrome, short bowel syndrome).

Pediatric Clinical (Apr 2019 – Jun 2026)

- Verified 200 to 300 orders per shift across NICU, general pediatrics, CICU, PICU, pediatric ER, recovery, and nursery; checked all compounded pediatric IV medications.
- Completed vancomycin, aminoglycoside, and enoxaparin dosing consults.

Charge Pharmacist Duties (May 2022 – Jun 2026)

- Led shift-level pharmacy operations: workflow management, staffing coverage, medication borrowing and compounding decisions, and emergency contingency planning.
- Verified compounded IV medications through DoseEdge, checked parenteral nutrition, and double-checked chemotherapy orders for IV compounding.

Adult Med-Surg and ICU (Aug 2016 – Jun 2026)

- Verified 200 to 400 orders daily across 4 to 5 units per shift; performed and documented 30+ clinical interventions daily in VigiLanz.
- Managed pharmacotherapy for CRRT, ECMO, oncology, burn, and trauma patients; precepted pharmacy students.

University Medical Center, Las Vegas, NV · Clinical Pharmacist (per diem), 564 beds Jan 2017 – Jun 2018

- Staffed adult oncology, IV room, and main pharmacy; verified approximately 200 orders daily; participated in code response.

VA Southern Nevada Healthcare System, North Las Vegas, NV · PGY1 Pharmacy Resident Jul 2015 – Jun 2016

- Ambulatory care, inpatient and outpatient psychiatry, and general inpatient practice; managed chronic disease therapy under a collaborative practice agreement; research presented at the Sierra Pacific VA Research Conference.

MEDICATION SAFETY RECORD

- **GREAT SAVE Award**, Sunrise Hospital (hospital-wide, CEO-presented): October 2020 and November 2021, for interception of medication errors before patient harm.
- **Good Catch of the Month**, Pharmacy Department: May 2020, October 2023, November 2025, December 2025. Pharmacy Department Employee of the Month, November 2021.

TECHNOLOGY SYSTEMS FLUENCY

Order verification and EHR: Meditech, Epic, CPRS/VISTA. Clinical surveillance and intervention documentation: VigiLanz. IV workflow verification: DoseEdge. Automated dispensing: Pyxis. Parenteral nutrition and chemotherapy order processing.

LITIGATION PROCESS EXPERIENCE (AS A SELF-REPRESENTED PARTY)

The following experience was gained as a party representing himself in his own civil matters. It is listed to show working familiarity with litigation procedure and work product, not the provision of legal services.

- Cross-petitioner in a probate matter, Superior Court of California, County of Los Angeles, Case No. KP013481. Opposed represented parties through demurrer (overruled, November 2025) and a bench trial in which he conducted witness examinations across four trial days (August 2026; trial continuing as of this writing).
- Appellate practice in the same matter: petition for writ of mandate (California Court of Appeal No. B355233) and petitions for review to the California Supreme Court (Nos. S297342, S297274).
- Discovery practice including deposition notices, certificate-of-nonappearance procedure, and motions to compel; statement-of-decision practice; motions in limine; trial exhibit preparation and lodging.

EDUCATION

- **Juris Doctor candidate**, University of Hawai'i, William S. Richardson School of Law. Part-time program; began August 2026; expected 2030.
- **Doctor of Pharmacy**, Nova Southeastern University, Fort Lauderdale, FL, 2015.
- **BS, Microbiology**, California State Polytechnic University, Pomona, 2011. Magna cum laude.
